

# SV44 Light

TRIM TAB MOUNTED, LED ARRAY,  
12VDC or 24VDC

## ***Introduction:***

Congratulations on the purchase of your new trim tab mounted LED light. Underwater Lights® USA, LLC takes pride in providing well designed, high quality and thoroughly tested lights that allow you to “enhance your boating experience”. These lights can be installed in your vessel for aesthetics, to attract fish, for security and safety.

## ***General Operating Information:***

The commercial grade Light Emitting Diode (LED) technology used in this light will provide robust and reliable operation under normal operating conditions.

The light can be operated for a brief period of time when the vessel is out of the water, however, the light can be operated while the vessel is underway.

Depending upon water clarity conditions, the light beam can reach up to 9 meters (30 feet).

## ***General Safety Information:***

This light is intended for use on adjustable hydraulic trim tabs typically installed on the stern of a vessel.

Always disconnect and lock-out power before working on light.

Marine growth should be removed from the convex cylindrical lens using a soft brush to allow illumination to exit the light.

## ***Technical Specifications:***

Light source = White LED array with 6500 Kelvin color temperature and 1067 lumens or alternate Blue LED array - Approximately 10,000 hours life for each color - Internal thermal limit protection included

Light lens = Convex cylindrical borosilicate glass - 143mm (5.63”) long x 23mm (0.91”) high net aperture - 9.5mm (0.93”) thick

Light dimensions = 164mm (6.46”) long x 44mm (1.73”) high x 48mm (1.89”) thick - 632 grams (1.4 lbs)

Light construction = Black nylon and stainless steel

Power source = 11-28VDC input range - 1.47 Amps max - Operating temperature from -30°C (-22°F) to 50°C (122°F)

## ***Troubleshooting:***

Please contact our technical support staff in Florida at 1-954-760-4447, Monday to Friday from 8:00 am to 5:00 pm EST.

## Warranty:

Underwater Lights® USA, LLC warrants this light to be free from defects in workmanship and materials for a period of two years from the date of original purchase. Further, misuse, abuse, improper installation, neglect, improper shipping, damage caused by disasters such as fire, flood and lightning, unauthorized repair or modifications will void said warranty. Should your light prove defective during the warranty period, promptly contact Underwater Lights® USA, LLC for an RMA number and then return the light freight prepaid with the RMA number clearly marked on the outside of the shipping container.

## Service:

The LED Array (7) and Electrical Cable (10) are not serviceable on this light. Please call Sea Vision at 954-760 4447 in order to get an RMA # and the complete unit will have to be returned for service.
